

Nissha Co., Ltd.

Financial Results for FY2019.12 Q3 ended September 30, 2019, presentation

Q&A Overview

(November 8, 2019)

Q1. The number of products for smartphones supplied by Nissha decreased, compared to the same period of the previous year. How do you see the impact of it?

A1. It is about 13 billion yen in annual sales. That has been incorporated in the initial plan and has nothing to do with the revision of the forecast this time.

Q2. Do you expect any impact on result out of new smartphone models that will be released in the first half of 2020?

A2. We would expect no impact on our business.
